An Invitation to Exhibit and Support Virginia Society of Health-System Pharmacists

**2023 Spring Seminar March 30-April 1
Virginia Crossings Hotel, Richmond**

Connect with the top health-system pharmacy directors in Virginia!

We invite you to exhibit at Virginia's premier continuing education seminar of the year. We have

developed an outstanding program with a minimum of 12 hours of continuing education. We are hosting our event at Virginia Crossings. Our education agenda coupled with the ideal meeting site should bring VSHP to greater heights in meeting participation. This year's Spring Seminar will provide a great return on investment with the best in visibility, branding and exposure.

Reverse Expo Exhibit Program

Hospital pharmacy executives and directors will host and staff the exhibit booths while the vendors, suppliers and manufacturers will walk the trade room floor visiting each hospital and health system booth to dialogue with the hospital pharmacy executives about their products and solutions. We find this to be a much more cost-effective and time-effective way to ensure that the suppliers get to meet as many hospital decision makers as they normally would in a traditional trade show format. Our conference is built around providing the optimum environment for building relationships with hospital decision makers. VSHP has invited the following systems to participate: Inova Health System, Sentara, Carilion Clinic, Bon Secours Hampton Roads and Richmond, Riverside, Virginia Commonwealth University Health System, University of Virginia Health System and HCA Health System. Participants from each facility to be announced shortly.
